

REMARKS

By way of the Ex Parte Quayle Action, claims 1-34 are pending and allowed. However, the Examiner has requested that the first paragraph of the application be amended to specify the relationship between the present patent application and the parent patent application.

Accordingly, by way of this amendment, Applicant has amended the first paragraph to reflect that the present application is a continuation-in-part of US application no. 10/309,850.

Applicant believes that this amendment addresses all outstanding issues and places the present application in condition for allowance. Applicant believes that no fees are due in connection with this response. However, in the event that fees are due, the Commissioner is hereby authorized to charge such fees to Deposit Account No. 19-0615.

Respectfully submitted,
